## Being Non-binary in a Binary World

About 11% of the LGBTQ adults (ages 18-60 years) identify as nonbinary. While non-binary people are among both cisgender and transgender LGBTQ populations, they make up a larger proportion of the transgender population than of the cisgender LGBTQ adult population. (Williams Institute, 2021)

### **Raised Without Gender**

In this video by Vice, they visit a gender non-conforming family in Sweden, which is known as the world's most forward-thinking country when it comes to gender diversity. Click on the video to learn more about the Swedish government's school plan that forbids enforcing gender stereotypes and the gender-neutral kindergartens that make it possible for families to raise their children without set gender identities.

### **Living as a non-binary in a binary world | Graysen Hall | TEDxUniversityofKent**

In this video by TEDx Talks, Graysen Hall, a 23-year-old non-binary individual addresses the hardships and obstacles facing the day-to-day life of those who identify outside of the gender binary. Click on the video to learn more about their personal experiences living under the transgender umbrella and how to educate those who are not aware of non-binary genders.

### **Still Me | Non-Binary Short Film**

In this short film by Momentum Studios Australia, the team follows the story of a non-binary teenager named Bailey who just came to terms with their gender. Now that they came out at school, they must learn how to navigate their social life. However, this proves to be more complicated than they anticipated. Click on the video to learn about Bailey's journey to self-acceptance.
